

WOMEN IN SOCIETY:
DOING OPERATIONAL RESEARCH
AND MANAGEMENT SCIENCE

OR/MS for Healthcare and Gender

What: EURO WISDOM Forum Webinar¹

Where: Zoom (Register by emailing WISDOM@euro-online.org)

When: Monday 20th July 2020, 15:00 (Irish Standard Time)

Webinar Format

- Expert panellists explain healthcare and gender in their respective disciplines and application areas (~15/20 minutes each);
- Roundtable discussion with audience participation (~15/20 minutes).

Panellists

Dr Christine Currie is Associate Professor of Operational Research and Director of the Centre for Operational Research, Management Sciences and Information Systems (CORMSIS) at the University of Southampton, UK. She will speak on the recent paper *How simulation modelling can help reduce the impact of COVID-19*. For more information about Christine see <https://www.southampton.ac.uk/maths/about/staff/ccurrie.page>

Dr Roberto Aringhieri is Associate Professor of Operational Research in the Computer Science Department of the University of Torino, Italy. Roberto is also Co-coordinator of the European Working group on Operational Research Applied to Health Services (ORAHS). He will speak on *Online optimization in health care: funny and challenging problems*. For more information about Roberto see <http://di.unito.it/aringhieri>

Facilitator

Dr Paula Carroll, UCD, Chair EURO WISDOM Forum

¹ WISDOM is a forum to support, empower, and encourage the participation of all genders in Operational Research and Management Science. It is an initiative supported by EURO, the Association of European Operational Research Societies. Please visit: <https://www.euro-online.org/web/pages/1654/wisdom>
